

Course Outline

IOSH Managing Safely

Duration

4 Days

Who Should Attend?

Those who are currently in or looking to move into a supervisory role.

What Is Covered?

- Ensures you can assess and control risks and hazards in your own workplace
- Ensures you understand your own responsibilities for safety and health both as a manager and as an employee
- Enables you to understand the process that is involved in incident investigation and how to ensure that they are thorough
- Discuss the different aspects to performance measurement and empowers you to measure your own performance with respect to health and safety
- Allows for personal reflections on good practice
- There is a multiple choice questionnaire to complete at the end of the course and also a workplace risk assessment that you must conduct within your own organisation
- On successful completion candidates will be awarded with the IOSH Managing Safely Certificate

What To Expect

- Memorable and thought-provoking facts and case studies
- Modules backed by clear examples and recognisable scenarios
- Summaries to reinforce key points
- Checklists and materials supplied for subsequent use in the workplace
- Interactive quiz and discussions
- Practical exercise based on the operations of a real business
